About the Workshops

Who Should Attend: Solid waste employees working at transfer stations, landfills, gate houses, recycling centers and all other related departments or facilities.

The refresher on waste screening and hazardous materials identification meets Nebraska's initial and annual retraining requirements for employees working in transfer stations, recycling centers, landfills and basic hazardous waste collection centers.

We also would encourage attendance of all municipal officials who would like more information concerning the solid waste and recycling industry.

Registration and Fee

Participants are encouraged to register at least one week prior to the workshop date so a count for meals and handouts can be accommodated.

Registration also will be available at the door on location of the workshops. Fees for the workshops are \$50 per person, which includes lunch and learning materials. Fee may be prepaid or direct billed.

To use the direct billing option, simply fill out a registration form and we will bill you or your municipality.
